SAY, Mr. Farmer, Use Blue Stone

On your wheat before sowing it and prevent smut. Call for price. Your friends,

J. JAS. WOOD & SON.

Misses Anna and Bessie Taylor of East Second street are home, after spending several days visiting in Cincinnati.

Postmaster H. B. Bryson of Carlisle, Congressman J. B. Bennett and Collector T. A. Fields were distinguished visitors in the city yesterday.

Mr. Carroll P. Marshall of Huntington, W. Va., was a Sunday guest with the family of his brother-in-law, Mr. James H. Hall of the East End.

GROWING CHILDREN

play hard and work hard at school, and rapid growth uses up an enormous amount of energy and vitality that needs replacing.

This accounts for the many delicate, sickly and ailing children we see on our streets.

I wish the mother of every such child would come to my store for a bottle of Vinol, as it is a delicious cod liver and iron tonic which children love to take, and it is easily assimilated.

A grateful mother in Durand, Mich., says her little girl was weak, pale, and had no appetite. She gave her Vinol and she began to thrive at once—and she gained rapidly in weight, color and strength. (Name furnished on request.)

Vinol builds up good healthy flesh and muscle tissue and makes thin little limbs round and plump.

Try a bottle of Vinol with the understanding that if it does not benefit your child your money will be returned. John C. Pecor, Druggist, Maysville, Ky.

Rev. Maurice Waller is the guest of his sister, Mrs. Judith Marshall of Louisville.

Mr. Harry C. Curran was a business visitor to Standard Oil headquarters at Covington yesterday.

Mr. Hugh F. O'Donnell of Chicago returned home yesterday afternoon, after a short visit to his mother, Mrs. Eunice O'Donnell of Bridge street.

Dr. and Mrs. Charles S. Holton of Richmond, Ky., Sunday with their parents, Mr. and Mrs. W. T. Holton of Tuckaboe. The Doctor made the trip in his touring car.

Miss Bessie Greely has returned home, after a three-month's pleasant visit with her aunt and cousin, Mrs. M. G. O'Neill and Mrs. J. H. Morgan, at Elmdorf, near Lexington.

President Crossfield of Kentucky University will begin a protracted meeting Sunday next at the Maysville Christian Church.

Miss Esther Hall, daughter of Mrs. John Hall of Forest avenue, writes to her former teacher Miss Jennie H. Moore of The Maysville School of Music: "Mr. Greene tested my voice and said that I had received fine training. He liked it better than any of the voices he had tested this year and he had tested a dozen. He encouraged me to go on with the study, saying I would have a fine voice with further practice." Miss Esther, now at Cheviot Chase, Washington, D. C., is one of Maysville's most charming young girls, and we wish her great success.

MAYSVILLE, KY.

The wife of Dr. Fultz of Vicksburg died a few days since in a Cincinnati hospital, where she had undergone a surgical operation.

Police Court.

The following cases were disposed of by Judge John L. Whitaker in his Court yesterday afternoon:

Albert Dixon, drunk and disorderly, \$7.50. George Mitchell, same offense, \$7.50.

James Holland, drunk, \$6.50.

G. W. Adams, same offense, \$6.50. A remarkable feature was that all four paid their fines and were allowed to go hence, with an admonition from the benign Judge to sin no more.

A RIGHTEOUS JUDGE

Judge Rice is a mild-mannered, even-tempered gentleman, but withal hews close to the line when dealing with criminals and matters of law. Yesterday he had before him Thomas Hickman, an escaped prisoner, who lacked eight days of having served his time when he took French leave. Hickman's escape cost him ten times the amount of time served—he will now serve eighty-eight days instead of eight. Bernard Rogers was also put back on his job to serve out his 165 days.

COUNCIL PROCEEDINGS

The City Fathers met in adjourned session last night for the purpose of ratifying the sale of \$8,500 worth of 6% Sidewalk Improvement Bonds.

The Mayor, City Clerk and City Attorney were authorized to settle with sidewalk and brick street contractors.

The building in rear of Suit's livery stable was condemned and ordered torn down.

Mrs. Lida Rogers complained of odor from Keystone Commercial Company's Plant. Matter referred to Health Committee.

Letters were read from the Knox people, stating that the Kinney Mac was shipped and on the way to this city. On its arrival there will be a house-warming at the Fire Department Headquarters.

G. B. Anthony made a proposition to locate a pearl button factory in Maysville and wants a \$4,000 building erected, to become the Company's property after it spends \$75,000 in wages.

The matter was referred to the Ways and Means Committee to report at the next meeting of Council. The proposition will no doubt be accepted. An Advisory Board of six business men to be appointed to aid the Council in securing new factories here was ratified.

DEATH OF MRS. JULIA WARD HOWE

MIDDLETOWN, R. I., October 17th—Julia Ward Howe, aged 91, the famous authoress and lecturer, died at her summer home here today. She had been in feeble health for several months and her death was not unexpected. Three daughters survive, Mrs. Florence Howe Hall, Mrs. Laura Richards and Mrs. John Elliott. Death was due to heart failure, resulting from advanced age, and a severe cold recently contracted.

"PROTESTANT EPISCOPAL CHURCH"

The question of changing the name of the Protestant Church of America to the Holy Catholic Church is dead.

It was killed Saturday morning at a session of the House of Deputies in Music Hall, Cincinnati, when the motion of the minority of the special committee to substitute the original motion for the report of the majority failed to carry by just one vote in the Lay section of the house.

The vote was closer than ever before. The delegates showed a great tendency in favor of the change of the present name of the Church in the prayer book, but although there was a plurality for the substitution, there was not a majority.

The vote was as follows: Clergy—Ayes, 42, nays 15, divided 10. Laity—Ayes 21, nays 24, divided 8.

Heirs of John Hedrick of Bath county have arranged to send John Hedrick III. to Hamburg, Germany, to claim a fortune of \$16,000.000 which is said to be awaiting them there.

"Home Comfort"

The Most Wonderful Cooking Range On the Market.

Indestructible and is the delight of the "Queen of the Home"—the housewife. Division Superintendent Emrick, with five salesmen and wagons, is making Maysville their headquarters and canvassing the Maysville and surrounding section. They have already sold 150 of these ranges and expect to sell 100 more. They cost something, but one lasts a life-time, and a woman spends one-third of her time around a cooking stove. Greatest Range on earth, especially for country people. See the Maysville sellers.

LITERARY LARCENY.
I shot a poem in the air;
It was reprinted everywhere,
From Bangor to the Rocky Range—
And always credited to "Exchange,"

And long, long afterward it chanced,
As a book of verse I gazed upon,
I found the poem published there,
And simply it was signed "Anon."

But now that vagrant bit of verse
Has gone much farther and fared worse;
In The Podunk Times last week I read it,
And London Tid-Bits had the credit.

"GET THERE!"

Do not fail to hear Dr. Blodgett at the M. E. Church, Thursday evening, at 8 o'clock.

The Chautauqua News says: "Dr. Blodgett is a lecturer born. He always makes a point. He hits hard blows, but punctuates the same with love coming from a warm heart."

Tickets may be had from Messrs. James Wood, Luther Reynolds, Harry Richardson, George Frank; Misses Bessie Wells and Stella Archdeacon.

WHY I SHOULD PATRONIZE THE HIGH SCHOOL LECTURE COURSE

First: Because it is conducted in the interests of a better Maysville. It will make of me a better citizen and our city a better place for my family.

Second: Because the Course consists of eight numbers, each a high class entertainment, any four of which are well worth the price of the season ticket.

Third: Because the Course is so varied as to appeal to all tastes, Lectures, Musicals and Entertainments.

Fourth: Because it is not a money making scheme, but every cent above expenses is either placed in the Lecture Fund or spent for needed equipment of our beautiful Auditorium, Library or Building.

Lastly: Because the vast majority of the thoughtful and cultured people of Maysville are supporting it, which is strong evidence that the Course is a good one.

Therefore: I shall buy my ticket at once, since it is only \$2 for the eight numbers.

WAS IT SUICIDE?

The Body of Aged Thomas Holland Found This Morning in the Infirmary Pond

Thomas Holland, aged 70, whose home is in East Front street, near the city Water-works, has been missing since Saturday night, and apprehension as to his safety and whereabouts has been manifested by his family.

From remarks dropped by the old gentleman, it was surmised that he had made away with himself, and a thorough search was instituted.

His sons found the lifeless body of their aged parent in the Infirmary pond this morning about 7 o'clock, where the old man, tired of the toils and troubles of this life, had, no doubt, walked to his sureance and death.

Later—Investigation shrugs Holland's death as a mystery, and foul play is even suggested.

The Sheriff and Coroner are making a thorough investigation.

However the Coroner's verdict rendered at 9:30 was accidental death.

Today's Short Sermon

If some day the newspaper man should print the contents of his waste basket there would probably be riot, remarks an exchange. There would be trouble in many homes, arrests in some directions, shotguns in others, trouble all around. But the patron never sees the waste basket. He only glances at the beautifully printed pages, complains if one letter in fifty is upside down, growls his disappointment if one name in five hundred happened to go wrong, kicks because his communication called "Tax Payer" has been condensed into respectable English, frowns because the Editor didn't take his advice about publicly warning the neighborhood against throwing more melons in the alley, and is generally disgruntled principally at what he fails to find. He knows his share of the waste basket, but if he could have one look at the contributions made to that receptacle by his neighbors and friends he would thank God for the existence of a man with sufficient intelligence and courage not to print all he knows, and to temper even that which he does print.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonial.

Read this Maysville case.

Read how Doan's stood the test

For three years.

It's local testimony and can be investigated:

William H. Paul, 333 East Third street, Maysville, Ky., says:

"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon gave me relief. I cheerfully recommend this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1908, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been permanent and I am now in good health."

Into the Courts.

Yesterday, we told you that the Trolley company refused to accept the intimated offer of the administration, which was that the company construct the concrete base for the paving and the city would supply the sand cushion and the brick. It refused for two reasons.

In the first place, the offer was not bona fide. One of the city officials stated, in a conference, that matters "might" be arranged on that basis.

In the second place, had it accepted the proposition, it would have been an admission on the part of the company that the Council had power to compel it to stand the expense of construction work in connection with paving.

Inasmuch as its contract did not require it to do such work, the company, no matter what it was willing to do voluntarily, naturally refused to put itself in such a position.

The administration ordered the Trolley company to remove its tracks.

Knowing that there was absolutely no necessity for this and that it was merely a part of the administration's plan to "get after the special interests," the Trolley company refused.

Thereupon the Council authorized the Mayor to tear up the tracks.

At first the street railroad was inclined to allow the Mayor to proceed with this work, upon which the street railroad would have brought suit for damages against the Council individually.

Upon consideration, however, this plan was abandoned as working unnecessary inconvenience upon the public, and the Trolley company secured an injunction restraining the city from interfering with its tracks.

The argument in this case was carried up to the Court of Appeals and the Trolley company's injunction was sustained.

Thereupon the administration went ahead with its work of paving. And the result is an eyesore and a scandal to the city.

Owners of abutting property petitioned the Council to make a proper and creditable job of the paving, offering to bear the full cost.

But the administration said that the injunction restrained it from paving between or interfering with the tracks.

This was not so. The injunction restrained the city from tearing up the tracks because the courts held it was not necessary to do so in order to properly pave the streets.

You see, the administration had to "get after the special interests." It did a piece of spite work and attempted to lay the blame upon the street railroad.

But the public was fully alive to the situation.
